Rhone is pleased to announce the launch of operations in the renowned financial centre of Monaco.

Accès International SAM is merging its activities with Rhone to provide a fully integrated Monaco based fiduciary solution.

The Monaco operation will supplement Rhone's existing capabilities in Switzerland, Bahamas, Singapore, Hong Kong, Canada (Prince Edward Island) and the US (Florida).

Accès has been established in Monaco since 1996 and has a solid reputation for providing trust and company management services from that jurisdiction.

We are delighted that its founder, Mr Tony van Vuuren, will continue to provide his services to guarantee continuity, while the newly appointed General Manager, Ms. Carole Richard will ensure a smooth integration with Rhone's operations and expertise.
